Durable metal vertical panels in multiple sizes with swivel attachment clips that allow for design flexibility.

## KEY SELECTION ATTRIBUTES

- new** • Four new Sequels™ pre-coat, wood-look finishes are part of the FAST134 program
- Now available in 17 Effects™ wood-look finishes
- Standard blade sizes in multiple lengths with either:
  - 4" depth and 1" width
  - 6" depth with 1" or 2" widths
- Premium blade sizes available:
  - Lengths up to 120"
  - Depths up to 10"
  - Widths 1" or 2"
- Available in 22-1/2", 46-1/2", 94-1/2", and 96" lengths for creative design layouts
- CleanAssure™ family of products – includes disinfectable panels, suspension systems, and trim
- Select products included in the FAST134 program – ready to ship in 4 weeks or less
- Blade panels available with either two factory-installed end caps, one end cap, or no end caps
- MetalWorks™ Blades – Classics panels are part of the Sustain™ portfolio (unperforated panels only)
- Create acoustical or non-acoustical upscale linear designs
- Fast, easy installation with standard Prelude® XL® 15/16" or 360° painted suspension systems

## END CAP DETAILS in Sequels Cape May Cherry

MetalWorks™ Blades - Classics in Sequels Cape May Cherry

## STANDARD COLORS & FINISHES Due to printing limitations, shade may vary from actual product.

### Painted

These colors are part of the Sustain™ portfolio (M1 – unperforated panels only)

### new Sequels™ Pre-coated Coil, Fast Lead Time

### Effects™ Classic Dye-Sublimation

### Effects™ Bold Dye-Sublimation

### Effects™ Subtle Dye-Sublimation

## CUSTOM COLORS & FINISHES

\* Colors that are pre-qualified to meet Sustain portfolio requirements are available upon request. Other made-to-order colors must be evaluated if sustainability criteria is required. Lead time will increase. For more information, visit our website at [armstrongceilings.com/metalworks](http://armstrongceilings.com/metalworks) or contact Architectural Specialties TechLine at 1 877 276-7876 for custom panel lengths. For premium requests contact ASQuote, ASQuote@armstrongceilings.com

♦♦ When specifying or ordering, include the color suffix with the item number (e.g., 8158D41 E X G H).

## SUSPENSION SYSTEMS

## PHYSICAL DATA

**Material**  
Aluminum – thickness 0.032"

**Surface Finish**  
Painted: Factory-applied polyester paint  
Sequels™: Pre-coated coil  
Effects™: Powder-coated, dye-sublimation, post-production finish

Custom colors and finishes also available. Contact TechLine for custom color matching requests at 1 877 276-7876.

**Fire Performance**  
Class A: Tested per ASTM E84. Flame Spread Index 25 or less. Smoke Developed Index 50 or less.  
CAN/ULC S102 surface burning characteristics. Flame Spread Rating 25 or less. Smoke Developed Classification 50 or less.

**Acoustical Options**  
Perforated panels are supplied with a black fiberglass fleece acoustic infill bag to absorb sound (varies by Blades panel length).

**Design Considerations**  
When installed, panels hang either 4-7/8" or 6-7/8" below the face of the grid, depending on the depth of Blade. Panels can be supported by intermediate duty main beams or cross tees, with 2 attachment clips per panel. See MetalWorks Blades – Classics design guide online for additional design layouts.  
MetalWorks Blades – Classics can be cut in the field only when using the Field-Cut End Cap. See installation instructions for details.

**Design Support**  
For custom design assistance contact ProjectWorks® Design Services or visit [armstrongceilings.com/projectworks](http://armstrongceilings.com/projectworks)

**Seismic Restraint**  
MetalWorks Blades – Classics are approved for application in all seismic areas when installed per the seismic guidelines in the Armstrong Ceilings installation instructions.

**FAST134 Program Considerations**  
Size of Job Matters: Big jobs, over 2500 SF or 50 pieces for shapes/vertical elements will have longer lead times.

**Location Matters:** Transit time not included. We are ready to ship in 1 week on FAST1 items. However, transit to the states west of Wyoming may add time.

**Distributor Truck Schedule Matters:** We rely on distribution to help move products around the country. When speed matters, work with your local distributor to ensure FAST134 service.

**Stock vs Made-to-Order Matters:** FAST3 & FAST4 items are made-to-order and will ship direct to distributor. FAST1 (stocked items) will go through distribution and depend on distributor truck schedules.

**Cleaning and Disinfecting**  
Cleaning and CDC-approved disinfecting options available on [armstrongceilings.com/cleaning](http://armstrongceilings.com/cleaning)

**Warranty**  
Details at [armstrongceilings.com/warranty](http://armstrongceilings.com/warranty)

**Weight**  
D41 panels: 0.50 LBS/LF  
D61 panels: 0.61 LBS/LF  
D62 panels: 0.68 LBS/LF
