WOODHAVEN™ CEILING PLANKS

Add the warmth and beauty of natural-looking wood to your home using WoodHaven™ ceiling planks.

These 5-in x 84-in planks are made of MDF (medium density fiberboard) and can be installed directly over an existing ceiling in just a weekend.

FEATURES AND BENEFITS

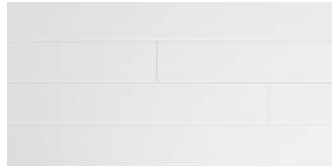

- Prefinished, natural wood-grain look means no sanding, staining or sealing
- Great for covering damaged drywall, plaster or popcorn ceilings
- Beveled tongue and groove edge minimizes the appearance of gaps during normal expansion and contraction
- Item #1148 and 1149 can be used for wainscoting or walls
- Item #1148 and 1149 are paintable
- Update the look of your ceiling without losing ceiling height
- Staggered installation means minimal waste
- Class C Fire Performance: great for residential spaces*

**For use in commercial spaces as well, but check with local code officials: In most sprinklered spaces, WoodHaven planks can be installed over unfinished drywall.*

INSTALL WOODHAVEN™ PLANKS ON CEILINGS IN THREE DIFFERENT WAYS!

1. Installation clips & screws are included in the plank package and install directly to furring strips (not included.) This installation method is suitable for non-flat surfaces. Please contact Techline at 1-877-ARMSTRONG (276-7876) for guidance. Note: If installing directly to drywall, use longer, 1.5-in drywall screws (not included.)
2. Use Easy Up® track and clip system for faster, more flexible installation. This floating system allows for natural movement in a home.
3. Transform an existing 15/16-in suspended (drop) ceiling using Easy Up® clips. Existing grid must be 15/16-in; order an Easy Up clip at ceilings.com to ensure a snug fit.

Item #1190
(20 tracks per carton)
Item #1191SC
(135 clips per carton)

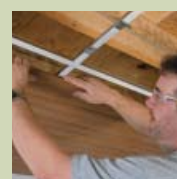

3 INSTALLATION STEPS TO RETROFIT 15/16-IN GRID

Remove panels

Snap on Easy Up clips

Position planks; slide and secure clips

Note: Existing grid must be 15/16-in. Prior to installation, ensure the clip fits snugly on the grid but can still slide smoothly.

INSTALL WOODHAVEN™ PLANKS ON WALLS

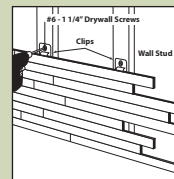

Consider the expanded range of decorating options with WoodHaven planks used on walls. Choose from two design selections – Painted White (item #1148) and Beadboard (item #1149.)

INSTALLATION OPTIONS*

Install vertically on a wall using construction adhesive. Follow the adhesive manufacturer's recommendations for surface preparation and application rate. Use painter's tape if necessary to hold planks in place until the adhesive sets up.

**With either option, finish with a trim of your choice.*

Install horizontally on a wall using clips included in the WoodHaven carton.
