

Healthier Ceilings by Design

Factory-Gasketed Edges

Creates a tight fit to the grid to seal the ceiling plane

Cleaner Air

Directs Airflow Better

AirAssure ceilings direct airflow more effectively to improve Indoor Air Quality

Clean + Simple

Made with healthy materials and free of Red List chemicals for better Indoor Air Quality

- Cleanable
- + Mold, Mildew & Bacteria Resistant
- + Exceptional Speech Privacy
- + Better Air Quality
- = **AirAssure™ Ceilings**

Created for the way we live, AirAssure panels: Combine the performance of our best ceiling panels – plus more. Collectively these benefits improve the Indoor Environmental Quality (IEQ) in spaces where we work, learn, heal, and play.

Not only do AirAssure ceilings contribute to space cleanliness, they offer ISO Class 5 Clean Room performance and direct airflow for better containment of odors, dust, particulates and pathogens. Panels install on standard or existing grid with no hold down clips while maintaining accessibility above the ceiling.

Increased Speech Privacy

Improved Sound Blocking

Provides some of the highest levels of speech privacy in the Total Acoustics® portfolio

Clean Room ISO Class 5

Clean Room Performance

Up to ISO Class 5 (Class 100) with standard non-gasketed suspension systems

FLEXIBILITY

Maximum Versatility

Allows future reconfiguring and re-purposing of a space without changing the ceiling

Clean and Disinfect
