# Ceiling Recycling Requirements

Which ceiling panels can be recycled?

<table>
<thead>
<tr>
<th>ACCEPTABLE FOR RECYCLING:</th>
<th>DETERMINED ON A CASE-BY-CASE BASIS:</th>
<th>CANNOT BE RECYCLED IN OUR PROGRAM:</th>
</tr>
</thead>
<tbody>
<tr>
<td>▶ All brands of dry, pulpable mineral fiber ceiling panels or tiles</td>
<td>▶ All brands of dry fiberglass panels (Facing must be easily removable)</td>
<td>▶ Asbestos-containing ceiling tiles</td>
</tr>
<tr>
<td></td>
<td>▶ All vinyl or scrim-faced mineral fiber panels</td>
<td>▶ Ceiling tiles installed below friable asbestos or contaminated with any other hazardous material</td>
</tr>
</tbody>
</table>

Call the Armstrong Ceilings Recycling Center at 1 877 276-7876 (select option 4) to approve material and for assistance to facilitate recycling.
How should the used tiles be packaged for shipment to Armstrong?

- Material must be clean, dry and in the acceptable category.
- No wood, metal, construction debris or hazardous materials of any kind can be included. If C&D waste is included with ceilings, possible charges can be incurred for disposal.
- Stack used ceiling tiles on pallets:
  - Stack 4’ on 4” x 4” sturdy shipping pallets with bottom slats.
  - Secure tiles on pallets with stretch wrap or metal bands.
  - When loading, trailer capacity should be maximized.
- A return authorization (RA #) label will be issued by the Armstrong Ceilings Recycling Center for all approved loads. Securely attach the label to every pallet showing identification of the job approval.
- All tiles should be straight on pallets and secured within the trailer to prevent loads from falling during transit or when pallets are unloaded. Material must be wrapped tightly and packaged so that pallets remain stable. Load locks may be necessary in the trailer.
- If you have special loading or removal circumstances, please contact your Armstrong representative, call 1-877-276-7876 (option 4), or email us at ceiling_recycling@armstrongceilings.com.

How do I load the trailer?

- Material must be clean, dry and in the acceptable category.
- No wood, metal, construction debris or hazardous materials of any kind can be included. If C&D waste is included with ceilings, possible charges can be incurred for disposal.
- Stack used ceiling tiles on pallets:
  - Stack 4’ on 4” x 4” sturdy shipping pallets with bottom slats.
  - Secure tiles on pallets with stretch wrap or metal bands.
  - When loading, trailer capacity should be maximized.
- A return authorization (RA #) label will be issued by the Armstrong Ceilings Recycling Center for all approved loads. Securely attach the label to every pallet showing identification of the job approval.
