ABOVE AND BEYOND

Reinventing the Ceiling... with DesignFlex™ Ceiling Systems

Armstrong
CEILING SOLUTIONS
ABOVE & BEYOND
Reinventing the ceiling.

Imagine: A ceiling so completely fresh and unusual it seems practically reinvented. A ceiling that mimics the pattern on an ice cream cone. Or the intricate veins of a dragonfly wing. Can you picture it? Maybe it’s reminiscent of a carnival Ferris wheel... or a faceted, shimmering diamond.

What if you could break free of material constraints and let your space reflect the wonders of your limitless imagination? What if you could design a ceiling in any color you like?

What if you could bring your vision to life in just a few weeks?

There’s no more “what if.”

Now, there’s DesignFlex™ Ceiling Systems.
So, go ahead...

Go above. Go beyond. Reinvent your ceiling.
Repetition in nature = richness
Bold pattern

Calm gray tones
the earth has its own subtle palette
Color + striations = movement

Neutral, yet warm
Sweet inspiration
Inviting and Relaxing
Movement, rhythm and pattern unite
Nod to a brand

Hits of color
Repeated shapes ... create infinity
There’s a calmness here that inspires me
Create a narrative

Invigorate the workplace
LOVE these shapes, patterns, textures!
Uplifting colors

Texture
Note to self: sign up for Salsa lessons
Vintage colors
Patina
landed on my deck chair today
Look up!
Create a canopy
Mother Nature is such a great artist
Creating a DesignFlex™ Ceiling System
armstrongceilings.com/patterngallery

1. Pick a pattern
See dozens of pre-designed patterns in our pattern gallery or create a layout unique to your project.

2. Add personality
Choose from a variety of color palettes (or create your own!) and mix and match different sizes, shapes, and materials to reinvent your ceiling.

3. Complete your vision
Add integrated lighting, diffusers, suspension, trims, and accessories. Online, you’ll get complete details and a bill of materials for the pattern chosen to ease the specification and installation process.

Lighting and MEP Integration for DesignFlex™ Ceiling Systems

Our TechZone® lighting partners offer linear lighting as narrow as 4” as well as more traditional lighting options. These fixtures are pre-qualified for fit and finish. See lighting options at armstrongceilings.com/partners.

Shaped lights and diffusers are available through partner companies or you can use standard modular and pendant fixtures.

Unique shaped infill ceiling panels are available for use with lighting. Axis lighting fixtures are pre-qualified for fit & finish. See lighting options at armstrongceilings.com/partners.

T-BAR FLEX™ lights are pre-qualified for fit and finish and are available through our lighting partner, JLC-Tech.

Also, in addition to standard modular and pendant fixtures, our TechZone® lighting partners offer a variety of compatible solutions.

Diffusers

Diffusers that complement the module size you’re using in your design are available for DesignFlex layouts. Price® diffusers have been pre-qualified for fit & finish. Shaped infill ceiling panels are available for use with these diffusers. Visit armstrongceilings.com/partners for details.
Personalize Your Design!
Mix and match different sizes, shapes, colors and materials to reinvent your ceiling. Visit our pattern gallery online to see ideas for your next project. Or call us at the number below for help in designing a pattern specific to your project vision.
