FAST134 Considerations
Size of Job Matters: Big jobs, over 2500 SF or 50 pieces for shapes/vertical elements may have longer lead times.
Location Matters: Transit time not included. We are ready to ship FAST1 products, but for Western U.S. (Wyoming and west) shipments, assume +1 week.

Distributor Truck Schedule Matters: We rely on distribution to help move products around the country. When speed matters, work with your local distributor to ensure FAST service.
Stack vs Made-to-Order Matters: FAST3 & FAST4 items are made-to-order and will ship direct. FAST1 (stocked items) will go through distribution and depend on distributor truck schedules.
