VidaShield UV24™ Air Purification System uses UV-C technology to clean the air.

The CleanAssure™ Portfolio offers ceiling panels, specialty ceilings, suspension systems, trims, and partitions that meet CDC recommendations for cleaning and disinfecting.

Total Acoustics® Ceiling Panels have both NRC and CAC to help absorb & block sound – the ceiling is the largest uninterrupted plane to do the acoustical heavy lifting.

Sustain® Ceiling Panels meet the industry’s most stringent sustainability requirements.

LOOK TO THE CEILING TO HELP MAKE SPACES HEALTHIER AND SAFER.

CleanAir • Quieter spaces
Disinfectable surfaces
Sustainable, healthy materials

What's NEW 2020/2

Inspiring Great Spaces®
CREATE HEALTHIER, SAFER SPACES.

From quieting Total Acoustics® ceilings to Sustain® — the broadest portfolio of sustainable ceiling options in the industry, and now, the new 24/7 Defend™ portfolio, with CleanAssure™ disinfectable ceiling panels, specialty ceilings, suspension systems, trims, and partitions, AirAssure™ ceiling tiles, and the Armstrong VidaShield UV24 Air Purification System.

The 24/7 Defend™ Portfolio is ideal for any environment to reassure people that they are surrounded by materials and systems that work 24 hours a day, 7 days a week to keep them healthier and safer.

THE 24/7 DEFEND™ PORTFOLIO OF PRODUCTS HELP CONTAIN, CLEAN, AND PROTECT

CONTAIN AIR: AirAssure™ Ceiling Tiles

CLEAN THE AIR: Armstrong VidaShield UV24 Air Purification System

DISINFECT CEILINGS: CleanAssure™ Portfolio of Ceilings, Walls, & Installation Systems

PROTECT: Partitions, Dividers & Screens

PROTECT: Portfolio of Pre-Engineered Installation Solutions
AIRASSURE™ Ceiling Panels

- Reduce air leakage through the ceiling plane in a space up to 4X compared to tiles without AirAssure™ performance
- Increase effectiveness of in-ceiling air filtration systems by up to 40%
- Easy conversion to negative or positive pressure controlled spaces (without hold-down clips)
- Convert existing spaces to containment areas quickly using existing suspension systems

Calla® and Ultima® Health Zone™ AirAssure™ Panels

New or retrofit options for improved air containment
- Part of the Sustain™ product portfolio meeting today’s most stringent industry sustainability standards
- Part of the Total Acoustics® product portfolio with the ideal combination of sound absorption (NRC) and sound blocking (CAC)
- CleanAssure™ family of products – includes disinfectable panels, including specialty ceilings, grid, trims, and partitions
- Anti-Bacterial/Mold/Mildew – Ceiling tiles with BioBlock® Plus performance resist the growth of odor and stain producing bacteria as well as mold and mildew on the ceiling tile surface
- Exceed FGI Guidelines for acoustics and cleanability
- Exceed ANSI S12.60 Classroom Acoustic requirements
- Meet USDA/FSIS guidelines
- Panels: 30-Year Limited System Warranty against visible sag, mold, and mildew

Calla® Health Zone™ AirAssure™: 24" x 24" available for 15/16” Square Tegular and 9/16” Square Tegular

Ultima® Health Zone™ AirAssure™: 24" x 24" 15/16” Beveled Tegular and 9/16” Beveled Tegular
Clean the Air

Armstrong VidaShield UV24 Air Purification System

- Seamlessly integrates with popular Armstrong® ceilings and suspension system finishes
- Improves Indoor Air Quality
- 24/7 continuous air cleaning reduces not only the spread of infectious aerosols through the air, but also settling back onto surfaces
- Incorporates patented, proven, VidaShield UV24™ technology
- Self-Contained UV-C Chamber is hidden in the ceiling plenum for safe use in occupied spaces
- Coordinates with Ultima® Health Zone™ AirAssure™ Ceilings for healthier spaces
- Neutralizes 97% of pathogens in aerosols on the first pass of air
- Contributes to WELL Health-Safety Rating under Air Quality Management
- Can treat a volume of air equivalent to an 8’ x 10’ x 10’ room four times per hour and can be a useful component in facility cleaning protocols
- Increase germicidal efficacy without the production of ozone
- Easy to install, minimal maintenance
- No staff intervention needed to operate UV-C Purification System
- Ultra-quiet air circulation fans
- Saves space occupied by portable air-cleaning units
- Perfect for retrofits in existing rooms
- 3-Year System Warranty
Cleanable, disinfectable ceiling panels, specialty ceilings, suspension systems, trims, and partitions that help make spaces cleaner and healthier.

Now, with new recommendations from the CDC for disinfecting and cleaning all types of spaces, Armstrong has tested our most popular mineral fiber and fiberglass ceiling tiles, specialty ceilings, suspension systems, trims, and partitions to give you the most up-to-date information you need on how to clean (fog, spray, or wipe) and which EPA approved disinfectants may be used. Clean with confidence.

See our website for a full range of CleanAssure™ products in panels, suspension systems, trims, and partitions, including specialty ceilings.
OPTIMA™ PB
Health Zone™ Walls

All the benefits of Optima® Health Zone™ ceilings, now for walls too!

- Fine-textured, large format 4 x 8’ wall panels provide excellent sound absorption
- Optima™ PB Health Zone™ panels are part of the Sustain® product portfolio meeting today’s most stringent industry sustainability standards
- CleanAssure™ family of products – includes disinfectable panels, suspension systems, and trim
- Smooth, clean, durable finish
- Impact-resistant, scratch-resistant, and soil-resistant
- Long-lasting water-repellency, Washable and Scrubbable
- Anti-Bacterial panels with BioBlock® Plus performance resist the growth of odor and stain producing bacteria as well as mold and mildew on the ceiling tile surface
INFUSIONS™ Resilient Partitions

Transform existing shared spaces into segmented areas with wall partitions artfully designed in a variety of patterns and colors:

- Large format, standard 24" x 96" wall panels are easy to install and reconfigure existing layouts to meet social distancing guidelines
- Nonporous and cleanable with a long-lasting designer finish
- Partitions can be suspended individually or in groups from ceilings or attached to walls
- Panels can be field cut to accommodate the needs of the space
- 15 patterns and colors ship quick
- Panels and installation hardware packaged together in one kit

Patterns:
- Clay Mist (TJ04)
- Thunder Cloud (T112)
- Beach Mist (T158)
- Mint Mist (T164)
- Blue Heron (T195)
- Baltic Sea (T205)
- Mountain Mist (T210)
- Star Stitch (T204)
- Beige (T200)
- Bamboo Sticks (T130)
- Ocean Shores (T138)
- Baritone Sticks (T134)
- Chalk Yard (T120)
- Blue Heron (T213)
- Beach Mist (T206)

**MóZ Designs**

Create beautifully safe spaces with materials that meet the moment. Navigate flow and establish boundaries for safe distancing with new acrylic materials, and a variety of metal options including Classic, Engravings, Graphix and more.

- Custom metal and acrylic divider and screen solutions
- Acrylic offering provides a durable and easy to clean divider solution
- Ready to install – panels and hardware included

---

**TURF Design**

Choose from a large portfolio of custom barriers and screen solutions in a variety of patterns, sizes, and colors that can help separate from distractions and increase visual and acoustical privacy on-demand.

- Custom Flow wall partitions increase visual and acoustic privacy
- Individual panels can be linked together or install independently so that panel placement can be improvised on the spot
- Desk dividers, offered in free-standing Solo screens or three-sided Wrap screens, separate workspaces
Safer, Healthier Jobsites

Pre-engineered solutions from Armstrong Ceilings reduce the number of man-hours required by providing simple solutions to the common conditions found on every project. Tackle the challenge of social distancing hand-in-hand with solutions that take the on-site guesswork out of design.

Your contractors can:

- Modularize soffits, coves, transitions, and perimeters
- Analyze pricing and productivity scenarios with our time, material, and labor savings calculators
- Take advantage of our FastSize™ panels and grid to eliminate excess cutting and painting on-site and get crisp, factory-finished edges
- Use our free shop drawing services to see how soffits are built 3x faster with less material and labor
