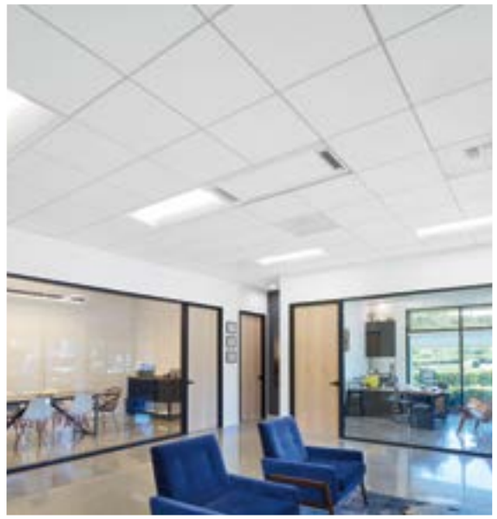
Armstrong VIDASHIELD UV24™ Air Purification System

TECTUM® Create!™ standard wall panels

ACOUSTIBUILT® seamless acoustical ceiling system

Research reveals meaningful connections between our surroundings and our well-being. A deeper focus on indoor environmental quality helps us design, build, and renovate better spaces where people can connect, collaborate, and concentrate.

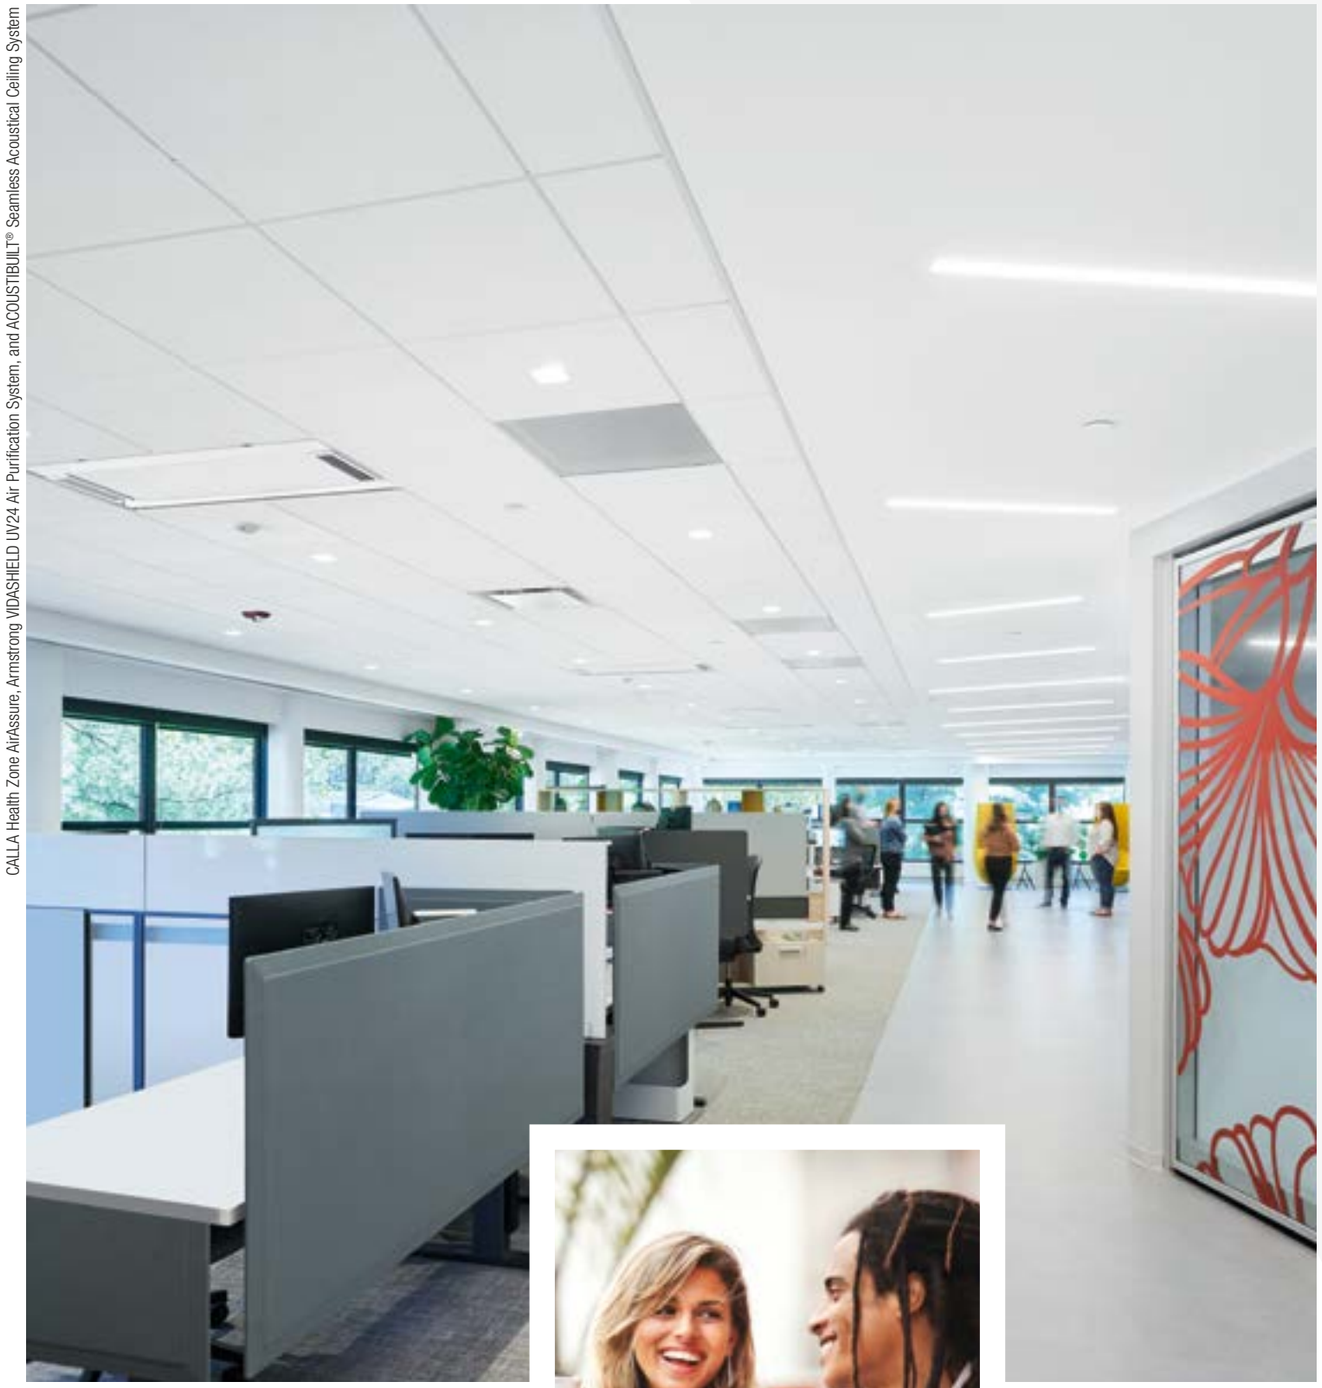
Interior spaces are ecosystems made up of a wide variety of elements working together to form healthier built environments for people.



VIDASHIELD UV24™ Air Purification System, CALLA® Health Zone™ AirAssure™ panels

Armstrong offers a wide array of solutions and services combining design and performance that help you bring this all together in spaces that are safe, comfortable, and inviting. See what's new and collaborate with us on your next project.

Designing for the future means creating welcoming, high-performing environments where people feel safe and well



CALLA Health Zone AirAssure, Armstrong VIDASHIELD UV24 Air Purification System, and ACOUSTIBUILT® Seamless Acoustical Ceiling System

CALLA® Health Zone™ AirAssure™ ULTIMA® Health Zone™ AirAssure™ School Zone® FINE FISSURED™ AirAssure™

AirAssure ceiling panels have factory-gasketed edges that contribute to cleaner, healthier, safer indoor air quality for every space

- 6 New Items – 24" x 24" and 24" x 48" Square Lay-in
- Seamlessly integrates with the Armstrong Vidashield UV24™ Air Purification System to improve air quality (Ultima® Health Zone™ AirAssure™ and School Zone® Fine Fissured™ AirAssure™)
- Factory-gasketed edges reduce air leakage through the ceiling plane in a space up to 4X compared to panels without AirAssure performance
- Clean Rooms up to ISO Class 5 (Class 100) using standard non-gasketed suspension systems (Calla® and Ultima Health Zone AirAssure)
