SHADE POCKETS
AXIOM® Ceiling Perimeter System
Compatible with Lutron® Shade Pockets

SUSTAIN™
High Performance
Sustainable
Ceiling Systems

Axiom® Ceiling Perimeter Systems and compatible Lutron® Shade Pockets are pre-engineered 10' extruded aluminum pockets that create the transition between the interior of a building's perimeter and the ceiling plane. These shade pockets can integrate Lutron motorized and manual shades and have the ability to tie in to acoustical or drywall systems without any visible fasteners.

KEY SELECTION ATTRIBUTES

- Allows for quality control at the perimeter and reduces risk associated with field-fabricated, labor-intensive accommodation of air distribution, window pockets, and ceiling elevation changes at the perimeter of a building
- Axiom® is part of the Sustain™ portfolio and meets the most stringent industry sustainability compliance standards today
- CleanAssure™ family of products – includes disinfectable panels, suspension systems, and trim
- Exposed perimeter pocket allows for shade concealment in an exposed structure application.
- Lutron motorized shading system is compatible with AXP355L, AXP355LE, AXP355LC, AXP355LS
- Lutron manual shading system is compatible with AXP355MA, AXP355MD, AXP355MS, AXP355ME, AXP355D
- Replaces the framing, boarding, taping, mudding, sanding, and painting commonly used for drywall pockets

- Code-compliant seismic product offering
- Armstrong 10-Year Limited Warranty, 30-year limited system warranty

COLORS

Standard

White (WH)

Custom Colors Available*

* Colors that are pre-qualified to meet Sustain™ portfolio requirements are available upon request. Other made-to-order colors must be evaluated if sustainability criteria is required. Lead time will increase.

	AXTBC	Axiom T-Bar Connector Clip	N/A	N/A
	AX4SPLICE	Axiom Splice Plate with Setscrews. Provides positive lock between abutting pockets	N/A	8"
	AXPSPLINE	Axiom Building Perimeter Interlocking Spline for connection between perimeter pocket and extension or face plate piece	N/A	120"

PHYSICAL DATA

Material
Extruded aluminum

Surface Finish
Factory-applied baked polyester paint finish. The areas of the 3-sided perimeter pockets that will be visible once the shade and closure clip are in place will have full paint coverage. The rest of the interior of the pocket will have light paint coverage. The exposed pockets will have complete paint coverage.

Design Considerations
All acoustical grid and Axiom trim accessories (a.k.a. clips) are supplied as unpainted items. Exposed clips will need to be field painted after installation, if required for the project. This ensures accessories meet the tested performance criteria and adhere to AWI installation instructions and warrantied products or systems.

Cleaning & Disinfecting
Cleaning and CDC approved disinfecting options available on armstrongceilings.com/cleaning
