KEY SELECTION ATTRIBUTES

• DesignFlex® options include shapes, made-to-order sizes, and colors available to ship in 3 weeks
• Get total noise control and floor plan versatility with Total Acoustics® ceiling panels: NRC + CAC = Total Acoustics performance
• Coordinating standard color collection available across materials including suspension systems, Axiom® trims, and Tectum® DesignArt™ ceiling and wall panels

• Calla panels are part of the Sustain® portfolio, and meet the most stringent industry sustainability compliance standards today
• Excellent combination of acoustical performance; NRC up to 0.90, and CAC 35
• CleanAssure™ family of products – includes disinfectable panels, suspension systems, and trim
• Mold- and mildew-resistant surface
• USDA-Certified Biobased Product – 91%
• Washable, Impact-resistant, Scratch-resistant, Soil-resistant
• Product can be recycled through the Armstrong Ceilings Recycling Program
• Compatible with the TechZone® Ceiling Systems
• Available with factory-cut holes for USAI® trimless downlight fixture integration
• 30-Year Limited System Warranty against visible sag, mold, and mildew
• 10-Year replacement panel available for item 2824, 2822, 2825, 2823

COLORS

Due to printing limitations, shade may vary from actual product.

Standard colors are pre-qualified to meet Sustain® portfolio requirements. Custom colors may need to be evaluated if sustainability criteria is required.

DETAILS (Other Suspension Systems compatible. Refer to listing on next page.)

#### TECHNICAL SPECIFICATIONS

**Acoustical Performance**

- The CALLA® ceiling panel has been tested for its acoustical performance using the Prepline® XL suspension system for 15/16" edge detail and the Silhouette® suspension system for 9/16" edge detail. NRC test conducted using white panels. Painted panels may experience a slight reduction in NRC due to the color painting process.

**Health Performance**

- **Environmental Standards**
  - **GREENGUARD Gold Certified**
  - **Certified Low VOC Emissions**
  - **Approved in LEED®**

**Fire Performance**

- **Class A**
- **Type IV , Form 2, Pattern E; Fire Class A**
- **Smoke Developed Index of 50 or less (UL labeled).**

**Lighting Performance**

- **R Factor – 2.9 (BTU units)**
- **R Factor – 0.446 (Watts units)**

**Sustainability**

- **High Recycled Content**
- **30-Year Performance Guarantee & Warranty**

**Cleaning and Disinfecting**

- **CleanAssure® Disinfectant**
- **HumiGuard® Disinfectant**

---

**Design Considerations**

- **Physical product samples for standard and custom colors are available upon request. Please refer to the physical product sample prior to making a final selection.**
- **Due to these and other differences, ceiling and wall panels, trim products, and suspension systems with the same color name will coordinate but may not be an exact color match.**
- **Product is dye-lotter. Order sufficient initial quantities and attic stock to minimize possible color variation.**

---

**Physical Data**

- **Material:** Wet-formed mineral fiber with acoustically transparent membrane
- **Surface Finish:** Acoustically transparent membrane with factory-applied latex paint
- **Fire Performance:**
  - **Class A**
  - **Type IV , Form 2, Pattern E; Fire Class A**
- **Humidity/Sag Resistance:**
  - **N/A**
- **Acoustical Performance:**
  - **N/A**

---

**Notes:**

- **Total Acoustics® ceiling panels have an ideal combination of sound absorption and sound blocking in one product.**
- **GOOD (NRC 0.60-0.65; CAC 35+)**
- **BETTER (NRC 0.70-0.75; CAC 35+)**
- **BEST (NRC 0.80+; CAC 35+)**
- **Advertised values for light reflectance, wash and scratch resistance are applicable to white tiles only.**

### Physical Data

- **Material:** Wet-formed mineral fiber with acoustically transparent membrane
- **Surface Finish:** Acoustically transparent membrane with factory-applied latex paint
- **Fire Performance:** Class A1: ASTM E84 and CAN/ULC S102 surface burning characteristics. Flame Spread Index of 25 or less. Smoke Developed Index of 50 or less (UL labeled). ASTM E356 Classification

### Design Considerations

- **Material:** Physical product samples for standard and custom colors are available upon request. Please refer to the physical product sample prior to making a final selection. While we strive to ensure exact color matches, various factors such as differences in materials, texture, substrate porosity, painting processes, lighting, and observer subjectivity can all affect how paint colors appear on ceiling and wall panels, suspension systems, and trim products. Due to these and other differences, ceiling and wall panels, trim products, and suspension systems with the same color name will coordinate but may not be an exact color match. Product is dye-lotted. Order sufficient initial quantities and attic stock to minimize possible color variation.

### Acoustical Performance

CAG testing conducted using Prelude® XL® suspension system for 15/16" edge detail and Silhouette® XL® suspension system for 9/16" edge detail. **NRC** test conducted using white panels. Painted panels may experience a slight reduction in **NRC** due to the color painting process.
