Lyra PB Vector panels in Brown Sugar Walnut with 15/16" Prelude suspension system

Wood-look visual with a 1/4" reveal and downward accessibility; ideal for projects where plenum space is limited. Offers high sound absorption.

KEY SELECTION ATTRIBUTES

- (new) 7 wood-look visuals are now part of the Lyra® PB portfolio
- 1/4" reveal between acoustical panels results in a monolithic appearance
- Lyra PB panels are part of the Sustain® portfolio and meet the most stringent industry sustainability compliance standards today

- Downward accessible for minimal plenum height
- Outstanding acoustical performance for open plan areas, both Articulation Class 180 and NRC 0.90

- CleanAssure™ family of products – includes disinfectable panels, suspension systems, and trim
- Mold- and mildew-resistant surface
- 30-Year Limited System Warranty against visible sag, mold, and mildew

- Made in the U.S.A. of domestic and global content
- Build America, Buy America (BABA) Act compliant

COLORS Due to printing limitations, shade may vary from actual product.

Standard Wood-look Visuals
(15/16" Vector)

Brown Sugar Walnut (WBS)	Toffee Chestnut (WTC)	Vanilla Ash (WVA)	Honey Oak (WHO)	Bourbon Cherry (WBC)

1 Ctn. Min Order Qty in Standard Sizes

REALISTIC WOOD LOOKS, SUPERIOR ACOUSTICAL CONTROL

$$$$

Lyra PB 15/16" Vector panels in Toffee Chestnut with 15/16" Prelude suspension system in Oat

Lyra® PB wood-look panels provide the natural beauty of large format wood ceilings with superior sound absorption and sustainability attributes without the expense.

Wood-look panels:

· Feature a 1/4" reveal between lightweight, sag-resistant acoustical panels to achieve the look of large-format monolithic wood

· Have superior sound absorption (NRC 0.90) without perforations

· Are fast and easy to install on standard suspension systems

---

STANDARD WOOD-LOOK VISUALS (15/16" Vector)
Color-coordinated painted Vector panel edges and recommended standard Prelude® XL® Suspension System colors shown below.

Prelude XL Suspension System in Black (BL)

ACCESSORIES (must be ordered separately)

Item No.

441		Border Clip for Vector® panels (required for installations with the suspension system resting on the wall molding). Primarily used for corners and special cutouts.
442		Hold-down Clip for Vector® panels (for all installations)
7425 (24"), **7431** (30"), **7445** (48"), **7461** (60") Stabilizer Bars		
523		Midpoint Clip (Needed for panels over 30" wide)
7870		Spring Border Clip (For installations with the panel resting on the wall molding)

SUSPENSION SYSTEM

15/16"

Prelude® XL®
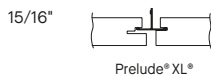

PHYSICAL DATA

Material
Fiberglass with plant-based binder and acoustically transparent membrane

Surface Finish
Acoustically transparent membrane with factory-applied latex paint

Fire Performance
Class A: ASTM E84 and CAN/ULC S102 surface burning characteristics. Flame Spread Index of 25 or less. Smoke Developed Index of 50 or less (UL® labeled).

ASTM E1264 Classification
Type B, Form B2, Pattern G; Fire Class A

Humidity/Sag Resistance
HumiGuard® Plus ceiling panels are recommended for areas subject to high humidity, up to but not including, standing water and outdoor applications.

Anti-Mold/Mildew
Ceiling tiles with BioBlock® performance resist the growth of mold and mildew on the tile surface.

VOC Emissions
Third-party certified compliant with California Department of Public Health CDPH/EHLB/Standard Method Version 1.2, 2017. This standard is the guideline for low emissions in LEED®, WELL Building Standard™, Living Building Challenge® (LBC), CalGreen Title 24, ANSI/ASHRAE/USGBC/IES Standard 189; ANSI/GBI Green Building Assessment Protocol.

High Recycled Content
Contains greater than 50% total recycled content. Total recycled content based on product composition of post-consumer and pre-consumer (post-industrial) recycled content per FTC guidelines.

Design Considerations
Use fixture trim kit around all lights, diffusers, and other ceiling penetrations to avoid exposed suspension system and panel edges.

Physical product samples for standard and custom colors are available upon request. Please refer to the physical product sample prior to making a final selection. While we strive to ensure exact color matches, various factors such as differences in materials, texture, substrate porosity, painting processes, lighting, and observer subjectivity can all affect how paint colors appear on ceiling and wall panels, suspension systems, and trim products. Due to these and other differences, ceiling and wall panels, trim products, and suspension systems with the same color name will coordinate but may not be an exact color match. Order sufficient initial quantities and attic stock to minimize possible color variation.

Design Consideration: Wood-Look Panels
All wood-look panels are produced with wood grain parallel to the panel length. Wood-look visuals are not dye-lotted, but are designed to mimic slight color variations as seen in real wood.

Insulation Value
R Factor – 4.4 (BTU units); R Factor – 0.70 (Watts units)

Cleaning and Disinfecting
Cleaning and CDC-recommended disinfecting options available on armstrongceilings.com/cleaning

30-Year Performance Guarantee & Warranty
When installed with Armstrong® Suspension System. Details at armstrongceilings.com/warranty

Weight; Square Feet/Carton
