MetalWorks™ Linear – Presto™ ceiling system in Whitelume

Lightweight, linear metal planks in a variety of widths and lengths to maximize design flexibility.

## KEY SELECTION ATTRIBUTES

- Nominal 4", 6", 8" plank widths with nominal 3/4" reveal
- 96" and 144" plank lengths
- Simple plenum access with easy-to-install planks and carrier design
- Made in the U.S.A. of domestic and global content
- Build America, Buy America (BABA) Act compliant
- Achieve sound absorption for increased acoustical performance with various infill options
- MetalWorks™ Linear – Presto™ planks are part of the Sustain™ portfolio, and meet the most stringent industry sustainability compliance standards today
- Mix and match widths for a striated visual
- CleanAssure™ family of products – includes disinfectable panels, suspension systems, and trim
- Fast and easy installation

### Design Considerations

While we strive to ensure exact color matches, various factors such as differences in materials and painting processes can affect how colors appear on ceiling and wall panels, suspension systems, and trim products. Due to these and other differences, items with the same finish name will coordinate but may not be an exact color match.

### Installation Consideration

Panels are not MetalWorks™ FASTPeel™ panels and will be protected by other means for packaging and handling purposes.

### Seismic Restraint

MetalWorks Linear – Presto panels have been engineered, tested, and approved for application in all seismic areas when installed per Armstrong Ceilings installation instructions.

### Cleaning and Disinfecting

Cleaning and CDC approved disinfecting options available on [armstrong.com/cleaning](http://armstrong.com/cleaning)
