METALWORKSTM Snap-in
Concealed Suspension
smooth texture

This monolithic ceiling with a concealed appearance, offers downward accessibility and excellent acoustical sound-blocking/absorption options.

**KEY SELECTION ATTRIBUTES**

- Natural Reflections laminate finishes are embossed, realistic wood look finishes on durable metal panels and part of the Sustain™ portfolio
- Transform your images onto custom perforated MetalWorks™ Create!™ ceiling and wall panels for a unique aesthetic visual with acoustical performance
- Low-cost concealed suspension solution
- MetalWorks Snap-in panels are part of the Sustain™ portfolio and meet the most stringent industry sustainability compliance standards today
- CleanAssure™ family of products—which includes disinfectable panels, suspension systems, and trim
- Select products included in the FAST134 program—ready to ship in 4 weeks or less
- Use on a lower clearance plenum (as low as 2”) when MPT snap bar is attached directly to the deck
- Downward accessible (with panel removal tool)
- A variety of standard finishes and perforations available to enhance design aesthetics and acoustical performance
- NRC values up to 0.90 with fiberglass infill panels
- Durable—Washable, Scrubbable, Impact-resistant, Soil-resistant
- Not recommended for seismic areas

**COLORS**
Due to printing limitations, shade may vary from actual product.

**MetalWorks™**

- Whitelume (W6A)
- Silvelume (SA)
- Gun Metal (MM)
- Satin Anodized (SAA)
- Lacquer M1 (LMA)
- Brushalume (BAA)
- Custom Colors Available

**Natural Reflections Laminate Finishes**

**PHYSICAL DATA**

- Material: Aluminum – thickness 0.040"
- Surface Finish: Laminated – vinyl-faced membrane
- Painted finish: Factory-applied polyester paint
- Custom colors and finishes available.
- Fire Performance:
  - Class A: Painted aluminum finishes tested per ASTM E84. Flame Spread Index 25 or less, Smoke Developed Index 450 or less.
  - Class B: Laminate finished tested per ASTM E84. Flame Spread Index 75 or less, Smoke Developed Index 150 or less.
- Acoustical Options:
  - Perforated panels are supplied with a black fiberglass fleece to absorb sound.
  - Minimum 25% Up to 80% recycled content available.
- Design Support:
  - Project management assistance is available by calling TechLine at 1-877-276-7876.
- Seismic Restrains:
  - This product is not recommended for seismic areas.
  - Use MetalWorks™ Torsion Spring or Vector® panels in seismic conditions.

**FAST134 Program Considerations**

- Fast Track Delivery Items ready to ship from manufacturer in 4 weeks or less.
- Up-to-date lead times and product options (sizes and colors) at armstrongceilings.com/fast134.
- Minimum 25% Up to 80% recycled content available.

**Cleaning and Disinfecting**

- Cleaning and CDC approved disinfecting options available on armstrongceilings.com/cleaning
- Location Matters: Transit time not included. We are ready to ship in 1 week on FAST1 items. However, transit to the states west of Wyoming may add time.
- Distributor Truck Schedule Matters: We rely on distribution to help move products around the country. When speed matters, work with your local distributor to ensure FAST134 service.
- Final Delivery Matters: FAST1 & FAST14 items are made to order and will ship direct to distributor. FAST1 (stacked items) will go through distribution and depend on distributor truck schedules.
- Warranty Details: armstrongceilings.com/warranty
- Weight: 0.69 lbs/SF
