

new PLASTERFORM™ Metaphors®

Ceiling Panels
GRG – Glass Fiber Reinforced Gypsum

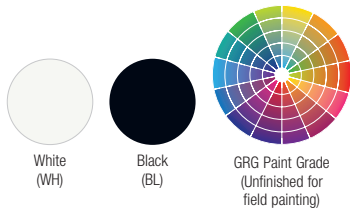

▲ Plasterform Metaphors ceiling panels in Tectonic design with integrated lighting from Backlight

Plasterform™ Metaphors® ceilings are precast suspended 24" x 24" panels offered in 5 modern designs.

KEY SELECTION ATTRIBUTES

- Achieve a high-end, custom look with standard installation on heavy-duty Suprafine® XL® 9/16" grid
- Panels can be positioned many ways for varying designs & looks
- Integrate lighting solutions seamlessly from Backlight, USAI®, and JLC-Tech
- 24" x 24" tegular ceiling panels
- Quick to install
- Easy access to plenum
- Interior use
- Available in two standard colors or can be field painted to achieve any desired color

COLORS Due to printing limitations, shade may vary from actual product.
