Well Building Standard™ (WELL) Living Building Challenge® (LBC)

Prelude XL Max with Ultima® (item 1927) ceiling panels

This suspension system is designed to offer maximum air flow management, load-carrying capacity, and adaptability in data center applications.

### KEY SELECTION ATTRIBUTES

#### Prelude® XL Max® 15/16" Suspension System

- 24" x 24" and 24" x 48" suspension system supports point loads up to 300 lbs. using 3/8" threaded rod and integrated hanging clips to provide:
  - Flexible and reconfigurable overhead cable tray and electrical distribution to meet client needs without a separate strut channel system
  - Eliminates unsightly threaded rod penetrations through the ceiling plane for improved access and aesthetics
  - Reduced ceiling penetrations help minimize unwanted air infiltration
- Prelude® XL Max® is part of the Sustain™ portfolio and meets the most stringent industry sustainability compliance standards today
- CleanAssure™ family of products – includes disinfectable panels, suspension systems, and trim (Cleaning and CDC approved disinfecting options available on [armstrongceilings.com/cleaning](http://armstrongceilings.com/cleaning))
- Suspension system meets ASTM C635, ASTM C636, ASTM E580, ICC-ES AC156 with Seismic D, E, F available
- 30-Year Limited System Warranty

- Standard 24" x 24" and 24" x 48" grid layouts allow for use of standard size lighting and specially sized Prelude XL Max ceiling tile options
- For custom layout information and technical guidelines, contact TechLine customer support at 877 276-7876.

### TYPICAL APPLICATIONS

- Data Centers
- Laboratories
- Hospitals
- Industrial Warehouses/ Distribution Centers
- Retail/Convenience Stores

### COLORS

Due to printing limitations, shade may vary from actual product.

White (WH)

Available in any color!\*

\*Colors that are pre-qualified to meet Sustain™ portfolio requirements are available upon request. Other made-to-order colors must be evaluated if sustainability criteria is required. Lead time will increase.

White is standard color for main beams and cross tees. All clips are unfinished. Custom colors and finishes are available for main beams, cross tees, load connector clips, and ceiling panels. For custom layout information and technical guidelines, contact TechLine customer support at 1 877 276 7876

### CEILING PANELS PHYSICAL DATA

**Design Considerations**  
All acoustical grid and Axiom trim accessories (a.k.a. clips) are supplied as unpainted items. Exposed clips will need to be field painted after installation, if required for the project. This ensures accessories meet the tested performance criteria and adhere to AWI installation instructions and warranted products or systems.
