The Armstrong VidaShield UV24 System pairs a UV-C Air Purifier with Ultima® Health Zone™ or School Zone® Fine Fissured ceiling panels to offer safe, unobtrusive in-room air purification for cleaner air. The system includes shielded ultraviolet light and filtration which deactivate pathogens and reduce the risk of indoor air transmission of viruses. Fitted with familiar ceiling textures for a clean visual, the 2' x 4' system operates continuously to draw air into a concealed chamber above the ceiling, treats it with a patented, scientifically proven UV-C air-cleaning technology, and recirculates clean air back into the room.

**KEY SELECTION ATTRIBUTES**
- Seamlessly integrates with popular Armstrong ceilings and suspension system finishes
- Improves Indoor Air Quality
- 24/7 continuous air cleaning reduces not only the spread of infectious aerosols through the air, but also settling back onto surfaces
- Incorporates patented, proven, VidaShield UV24 technology
- Self-Contained UV-C Chamber is hidden in the ceiling plenum for safe use in occupied spaces
- Coordinates with Ultima HealthZone AirAssure™ Ceilings for healthier spaces
- Neutralizes 97% of pathogens in aerosols on the first pass of air
- Contributes to WELL Health-Safety Rating under Air Quality Management
- Can treat a volume of air equivalent to an 8' x 10' x 10' room four times per hour and can be a useful component in facility cleaning protocols
- Increase germicidal efficacy without the production of ozone
- Easy to install, minimal maintenance
- No staff intervention needed to operate UV-C Purification System
- Ultra-quiet air circulation fans
- Saves space occupied by portable air-cleaning units
- Perfect for retrofits in existing rooms
- 3-Year System Warranty

1. Ultima® Health Zone™
2. School Zone® Fine Fissured™

NOTE: The Armstrong VidaShield UV24 System is not a substitute for existing good building air exchange practices or manual cleaning and disinfection practices. Centrally locate, and position clean air outtake away from HVAC air returns for maximum benefit.
VIDASHIELD UV24™ Air Purification System
for Ultima® Health Zone™ and
School Zone® Fine Fissured™ Ceilings

The Armstrong VidaShield UV24 Air Purification system uses patented technology and filtration to draw in and treat air as it flows through a sealed UV chamber with an ultraviolet light that neutralizes mold, bacteria and viruses to improve indoor air quality.
