

Wall Reveals

For Drywall and AcoustiBuilt® Walls

Wall Reveal Moldings

Wall Reveals create a horizontal or vertical separation in drywall walls, allowing for easy transitions from drywall to drywall panels or drywall to AcoustiBuilt® panels for wall applications.

KEY SELECTION ATTRIBUTES

- Factory-finished intersections and corners allow for easy change of direction
- Pre-punched tapping flange for easy drywall or AcoustiBuilt wall attachment
- Perfect alignment between straight reveals, intersection, and corners with included splice plates
- Pre-engineered extruded aluminum provides crisp-edge detailing
- Integrated tapping flange grooves allow for an improved bonding surface when finishing drywall or AcoustiBuilt panels

COLORS Due to printing limitations, shade may vary from actual product.

Standard

Unfinished (UF)

Custom Colors Available*

* Colors that are pre-qualified to meet Sustain™ portfolio requirements are available upon request. Other made-to-order colors must be evaluated if sustainability criteria is required. Lead time will increase.
