LS—LACQUERED STEEL
AR—BRASS
CP—COPPER

CEILING INSTALLATION OPTIONS

24-in x 24-in Suspended (Drop)

24-in x 48-in Nail-up (Surface Mount)

Coordinating accessories are available and sold separately – grid kits, cornices, cone head nails and filler panels. Visit ceilings.com/metallaire for details.
METAL LOOK – WALLS & BACKSPLASHES

5400210BNA METALLAIRE™ VINE—STAINLESS STEEL (BACKSPLASH)

5400209BNA METALLAIRE™ SMALL FLORAL CIRCLE (BACKSPLASH)

More patterns available on ceilings.com/backsplashes

**Metallaire™**

**DECORATIVE CEILINGS**

**WALLS & BACKSPLASHES**

- Size: 18 1/2-in x 48 1/2-in
- Material type: Stainless steel
- Available in 5 patterns

**SMALL FLORAL CIRCLE**

BACKSPLASH
5400209BNA

**BACKSPLASH OR WALL INSTALLATION**

Use adhesive to attach the panels to a wall. Use just enough cone head nails (sold separately) to secure the panels to the wall while the adhesive sets up. (Do not remove nails).
EasyElegance™

PVC PLASTIC CEILINGS

- Coffered Panels in 24-in x 24-in
- Flat/Textured Panels in 24-in x 24-in and 24-in x 48-in
- Material type: PVC plastic
- For residential use only

**COFFERED PANELS**

1280BXA EASY ELEGANCE™ DEEP COFFER WHITE

1282BXA EASY ELEGANCE™ SHALLOW COFFER WHITE

Black coffers 1280BLBXA and 1282BLBXA also available.

**FLAT PANELS**

QUICKHANG™ INSTALLATION KITS

DIY-friendly QuickHang™ installation kits have everything you need to install 64 sq. ft. of 2-ft x 2-ft or 2-ft x 4-ft drop ceiling panels. Kits include the QuickHang hooks and brackets and are for residential use only (see next page for details).

6362WH – 2-ft x 2-ft QuickHang Installation Kit (White)
6362BL – 2-ft x 2-ft QuickHang Installation Kit (Black)
6364WH – 2-ft x 4-ft QuickHang Installation Kit (White)

NOTE: Not compatible with 6357WH, 6357BL, 6355WH

INSTALL YOUR GRID SYSTEM IN 4 EASY STEPS

1. Install wall molding
2. Attach QuickHang™ bracket to joist and insert hook
3. Hang main beams on hooks
4. Install cross tees and level by adjusting hooks

Kits Include: 72" Prelude® Main Beams, 48" Cross Tees, 24" Cross Tees (except Kit 6364WH), 72" Wall Moldings, 12" QuickHang™ Hooks, Joist Brackets and 40 Nails.

NOTE: Ceiling panels are sold separately

ALL-IN-ONE KIT:

QUICKHANG™ GRID HOOK KITS

QuickHang™ hooks and brackets offer a new way to install a basement drop ceiling system directly to joists more quickly and easily than with hanger wire. QuickHang hardware easily levels grid and works with any metal grid system that has hanger holes. For residential use only.

Surface Mount products can be installed in one of two ways: with the Easy Up® installation system or adhesive.

**EASY UP® INSTALLATION SYSTEM**

NOTE: Both track products and clip accessories are required for a complete Easy Up system and must be used together. Items are sold separately.

- **1190** – Easy Up Tracks (20 tracks per carton)
- **1191** – Easy Up Clips (360 clips per carton)
- **1191SC** – Easy Up Clips (135 clips per carton)

**INSTALLATION STEPS**

1. Attach tracks (1190)
2. Snap on clips (1191 or 1191SC)
3. Position tile or plank; slide and secure clip

**ADHESIVE**

Surface Mount (Direct Apply) products can also be installed with adhesive such as Henry® 237 AcoustiGum™ Acoustical Ceiling Tile Adhesive. Follow adhesive manufacturer’s instructions for application and usage.

*Henry and AcoustiGum are trademarks of W.W. Henry Company or its Affiliates.*
1 WOODHAVEN™ CLIPS AND SCREWS

Installation clips & screws are included in the plank package and install directly to furring strips (sold separately). This installation method is suitable for ceilings with a greater than 10 degree slope. Contact Techline for guidance on how to install planks on a sloped ceiling.

2 EASY UP® TRACKS AND CLIPS

The Easy Up® installation system is the recommended method to install planks over drywall, plaster or popcorn ceilings. Use the Easy Up installation system for ceilings with a less than 10 degree slope.

NOTE: Both track products and clip accessories are required for a complete Easy Up system and must be used together. Items are sold separately.

3 INSTALLATION STEPS TO COVER BASEMENT GRID

Transform an existing 15/16-in suspended (drop) ceiling using Easy Up® clips and WoodHaven™ planks.

Remove panels  
Snap on Easy Up® clips  
Position planks; slide and secure clips

NOTE: Existing grid must be 15/16-in. Easy Up clips (sold separately) must be used for the retrofit installation. Screws and clips included in the WoodHaven package are only used where grid intersections interfere with the installation of an Easy Up clip.

Visit ceilings.com to order a sample Easy Up clip to test your grid for a snug fit.
