

2012WH ACOUSTAFFIX® WHITE

AcoustAffix® fine-textured ceiling panels control acoustics while maintaining an open, exposed structure design. Panels are available in a field paintable 24-in x 48-in square style, and prefinished 24-in x 48-in square/reverse tegular styles.

FEATURES & BENEFITS

- Ideal for exposed structure ceilings and walls when traditional suspended ceilings are not desired
- Designed to blend in with the existing deck while providing superior sound absorption (NRC 0.75)
- Superior sag and mold resistance
- Three options available—field paintable, and prefinished black and white
- Prefinished options have a smooth, clean durable finish—scratch-resistant, soil-resistant
- Mounts directly to structure, screwed into hat track or drywall grid
- Panels install using adhesive, Armstrong All-in-one Self-stop Fastener, or Armstrong Truss Mounting Kit
- Panels are disinfectable; see ceilings.com/cleanmyceiling for details
