**Section 1 - IDENTIFICATION**

**Material Name:** Bio-Acoustic Infill Panel  
**Chemical Family:** Jute fiber panel  
**Recommended Use:** acoustical ceiling tiles  
**Restrictions on Use:** None known.

**Manufacturer Information**  
Armstrong World Industries  
2500 Columbia Ave.  
Lancaster, PA 17603  
Phone #: 877 276 7876  
Email: techline@armstrongceilings.com  
Emergency #: 1-800-255-3924 (ChemTel)  
www.armstrongceilings.com

**Section 2 - HAZARD(S) IDENTIFICATION**

Classification in accordance with 29 CFR 1910.1200.

This product is not classified as hazardous and is considered an article under the Federal Hazard Communication Standard. It is formed to a specific shape or design during manufacture, has end use functions dependent upon their shape and design, and do not release any hazardous substances under normal conditions of use.

**GHS LABEL ELEMENTS**

**Symbol(s)**  
NA

**Signal Word**  
NA

**Hazard Statement(s)**  
NA

**Precautionary Statement(s)**

**Prevention**  
Do not handle until all safety precautions have been read and understood. It is recommended that the product be cut and trimmed with a knife, razor or hand saw. Do not cut with power equipment unless either a dust collector is used on the equipment or local exhaust is used. Wear long-sleeve, loose fitting clothes, gloves and eye protection.

**Response**  
IF INHALED: Not a likely route of exposure. IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

**Storage**  
Store in a well-ventilated place.
Safety Data Sheet

Product Identifier: Bio-Acoustic Infill Panel

Disposal
Dispose in accordance with all applicable regulations.

** **Section 3 - COMPOSITION / INFORMATION ON HAZARDOUS INGREDIENTS** **

<table>

** **Section 4 - FIRST-AID MEASURES** **

Description of Necessary Measures

Inhalation
IF INHALED: Not a likely route of exposure.

Skin Contact
Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention.

Eye Contact
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Ingestion
If a large amount is swallowed, get immediate medical attention.

Most Important Symptoms/Effects

Acute
NA

Delayed
NA.

Indication of Immediate Medical Attention and Special Treatment Needed, If Needed
Treat symptomatically and supportively.

** **Section 5 - FIRE-FIGHTING MEASURES** **

Suitable Extinguishing Media
carbon dioxide, regular dry chemical, regular foam, water spray

Unsuitable Extinguishing Media
None known.

Special Hazards Arising from the chemical
None known.

Hazardous Combustion Products
Combustion: Upon decomposition, this product may emit carbon monoxide, carbon dioxide and/or other products of combustion of organic materials.

Fire Fighting Measures
Keep away from sources of ignition - No smoking. Avoid inhalation of material or combustion by-products. Move material from fire area if it can be done without risk. Use extinguishing agents appropriate for surrounding fire. Dike for later disposal. Stay upwind and keep out of low areas.

Special Protective Equipment and Precautions for Firefighters
Firefighters should wear full-face, self contained breathing apparatus and impervious protective clothing. Firefighters should avoid inhaling any combustion products.
**Section 6 - ACCIDENTAL RELEASE MEASURES**

Personal Precautions, Protective Equipment and Emergency Procedures
Wear appropriate personal protective equipment. Keep unnecessary people away, isolate hazard area and deny entry. Avoid contact with skin and eyes. If respirable dusts are generated, respiratory protection may be needed. Collect spillage. In case of spillage, stop the flow of material and block any potential routes to water systems. Only personnel trained for the hazards of this material should perform clean up and disposal. Avoid release to the environment.

Methods and Materials for Containment and Cleaning Up
Keep out of water supplies, sewers and soil. In case of spillage, stop the flow of material and block any potential routes to water systems. Collect spilled material using mechanical equipment. Keep unnecessary people away, isolate hazard area and deny entry. Avoid dust generation and accumulation. Keep container tightly closed. Avoid dispersal of dust in the air (i.e., clearing dust surfaces with compressed air). Use non-sparking tools and equipment.

**Section 7 - HANDLING AND STORAGE**

Precautions for Safe Handling
Do not handle until all safety precautions have been read and understood. Keep away from all ignition sources. Do not breathe dust. Use methods to minimize dust. Avoid contact with skin and eyes. Do not eat, drink, or smoke when using this product. Always wear recommended personal protective equipment. Wear personal protective clothing and equipment, see Section 8. Minimize dust generation and accumulation. Routine housekeeping should be instituted to ensure that dusts do not accumulate on surfaces. Take precautionary measures against static discharge. Dissipate static electricity during transfer by earthing (grounding and bonding) containers and equipment.

Conditions for Safe Storage, including any Incompatibilities
Store in a cool, dry place. Store in a well-ventilated place. Avoid contact with burning or molten material. Keep separated from incompatible substances. Keep container tightly closed. Empty containers may contain product residue. Do not reuse empty containers without commercial cleaning or reconditioning. Store and handle in accordance with all current regulations and standards.

Incompatibilities: Not available

**Section 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION**

Exposure Limits
Follow all applicable exposure limits. Minimize dust generation and accumulation.

Component Exposure Limits
Not applicable.

Appropriate Engineering Controls
Provide local exhaust ventilation system. Ensure that dust-handling systems (such as exhaust ducts, dust collectors, vessels, and processing equipment) are designed in a manner to prevent the escape of dust into the work area.

Use only appropriately classified electrical equipment and powered industrial trucks.

Individual Protection Measures, such as Personal Protective Equipment

Eyes/Face Protection
Wear safety glasses.

Skin Protection
Wear appropriate gloves and / or clothing.
**Glove Recommendations**
Wear appropriate chemical resistant gloves.

**Respiratory Protection**
Not expected to be necessary under normal conditions of use.

### **Section 10 - STABILITY AND REACTIVITY**

**Reactivity**
None known.

**Chemical Stability**
Stable at normal temperatures and pressure.

**Possibility of Hazardous Reactions**
Hazardous polymerization will not occur.

**Conditions to Avoid**
Avoid heat, flames, sparks and other sources of ignition. Avoid contact with incompatible materials. Avoid generating dust. Avoid contact with molten material.

**Incompatible Materials**
Not available

**Hazardous Decomposition**
Combustion: Upon decomposition, this product emits carbon monoxide, carbon dioxide and/or low molecular weight hydrocarbons.

### **Section 11 - TOXICOLOGICAL INFORMATION**

**Acute Toxicity**
No information available for the product. See component data.

**Component Analysis - LD50/LC50**
Not applicable.

**Information on Likely Routes of Exposure**

**Inhalation**
Causes respiratory tract irritation.

**Ingestion**
No information on significant adverse effects.

Skin Contact
May cause skin irritation under certain conditions of use.

Eye Contact
Causes eye irritation.

Immediate Effects
Eye irritation, skin irritation.

Delayed Effects
NA

Medical Conditions Aggravated by Exposure
No data available.

Irritation/Corrosivity Data
NA

Respiratory Sensitization
No information available for the product.

Dermal Sensitization
No information available for the product.

Germ Cell Mutagenicity
No information available for the product.

Carcinogenicity
NA

Reproductive Toxicity
NA

Specific Target Organ Toxicity - Single Exposure
No target organs identified.

Specific Target Organ Toxicity - Repeated Exposure
No target organs identified.

Aspiration Hazard
No data available.

**Section 12 - ECOLOGICAL INFORMATION**

Ecotoxicity
No information available for the product.

Component Analysis - Aquatic Toxicity
No information available for the product

Persistence and Degradability
No information available for the product.

Bioaccumulation
No information available for the product.

Mobility
No information available for the product.

**Section 13 - DISPOSAL CONSIDERATIONS**

Disposal Methods
Dispose in accordance with all applicable regulations. Regulations vary. Consult local authorities before disposal.
Component Waste Numbers
The U.S. EPA has not published waste numbers for this product’s components.

Disposal of Contaminated Packaging
Dispose of waste material according to Local, State, Federal, and Provincial Environmental Regulations.

** *Section 14 - TRANSPORT INFORMATION* **

US DOT Information
Not regulated as a hazardous material.

TDG Information
No Classification assigned.

Marine Pollutant
No component(s) of this material is specifically listed in the IMDG Code as an identified marine pollutant.

** *Section 15 - REGULATORY INFORMATION* **

U.S. Federal Regulations
This material does not contain chemicals required to be identified under SARA Sections 302/304 (40 CFR 355 Appendix A), SARA Section 313 (40 CFR 372.65), CERCLA (40 CFR 302.4), TSCA 12(b), and/or require an OSHA process safety plan.

SARA 311/312
Acute Health: No Chronic Health: No Fire: No Pressure: No Reactive: No

U.S. State Regulations
The following components appear on one or more of the following state hazardous substances lists: None

Canadian Classification
This product has been classified in accordance with the criteria of the Controlled Products Regulations (CPR) and the MSDS contains all of the information required by the CPR.

Canadian WHMIS Ingredient Disclosure List (IDL)
There are no components listed on the Ingredients Disclosure List.

Canada-WHMIS
WHMIS CLASSIFICATION: NA

Chemical Inventory Listings
Component Analysis - Inventory

** *Section 16 - OTHER INFORMATION* **
