Juxtapose undulating flowing forms with long runs of linear lines for a stunning effect.
FOLD the ceiling plane

Stretch the linear motion over creased peaks and valleys to create a dramatic three dimensional sculpture
Create a linear pattern across an interior space using high sweeping arcs of metal.
Expand your reach with linear designs that carry dramatic movement throughout the space.
Because no one ever said linear design had to be confined to straight lines.
PLAY
with color

The expressive use of vivid colors and rolling lines can make a whimsical statement.
Lines and geometric pattern in the ceiling and walls can introduce a captivating visual tempo to an interior.
Combine acoustical performance with unconventional ceiling design for a memorable visual.
Let the linear motion cascade downward from the ceiling to the walls with dramatic flowing lines.
Create a gentle

CURRENT

Use variations in size, placement, and spacing to create a flowing linear harmony.
Add a little CONTRAST

Mix it up with long wood planks, pinstripes, and brilliant dashed lines of light.
Etching a linear template across metal is an elegant way to leave an impression.
Design a peaceful PATHWAY

Enhance wayfinding while providing a soothing and tranquil respite for the public.

Expand the possibilities with solid wood slats that come in a variety of widths, depths, and finishes.
