TECTUM®

Ceiling & Wall Panels

Inspiring Great Spaces
Tectum® ceiling and wall panels provide durable, sustainable, acoustical solutions with unlimited design options for interiors. Ideal for heavy-use spaces and easy to install. Tectum® is also a great acoustical retrofit solution.

Tectum® Panel Art wall panels in White and custom colors

4 BLADES™ & BAFFLES
5 CLOUDS & CANOPIES
6 DIRECT-ATTACH CEILINGS & WALLS
7 FINALE™ HIGH NRC CEILINGS & WALLS
8 PANEL ART CEILINGS & WALLS
9 CONCEALED CEILINGS
10 LAY-IN & TEGULAR CEILINGS
11 FABRIC WALLS
Vertical elements control acoustics with an upscale linear visual.

- Upscale linear visual adds acoustics and aesthetics to any space
- Noise absorption up to 0.41 Sabins/SF
- Custom shapes and sizes available to meet your project needs

Blades & Baffles
FIT TO THE MAX

Tectum® Blades™ custom vertical panels – featuring custom C-channel mounting

Hang with hanger wire or aircraft cables
- Noise absorption up to 0.41 Sabins/SF
- Wide variety of color options available
- Installs with 15/16" Prelude® suspension system
- Square or radius edges

Shapes & Clouds

FLEXIBLE FIT

Shapes and Clouds offer design flexibility in a floating system.
Direct-Attach
FIT THE BILL
Install panels directly to ceilings and walls to add durability and noise reduction to a wide variety of spaces.

- Durable for heavy-use interiors
- Retrofit solution for noise reduction
- Excellent sound absorption – NRC up to 1.0
- 1” panels are part of the Sustain™ portfolio
- Can be mechanically fastened to a wide variety of surfaces
Finale™ direct-attach ceiling and wall panels offer maximum noise reduction and reduced installation costs – a perfect way to add acoustics to exposed structure spaces.

- Abuse resistant composite panel design for maximum noise reduction and efficient installation
- Excellent sound absorption – NRC up to 1.0
- Variety of color options available
- Can be mechanically fastened to a wide variety of surfaces

Finale™ High NRC
A SOUND FIT

Finale™ direct-attach ceiling and wall panels offer maximum noise reduction and reduced installation costs – a perfect way to add acoustics to exposed structure spaces.

Tectum® Finale™ High NRC direct-attach ceiling panels
Lay-In & Tegular
FIT FOR PURPOSE
Durable, sustainable, noise control for spaces requiring acoustics and design flexibility.

- Durable for heavy use interiors
- 1” panels are part of the Sustain™ portfolio
- Tegular panels have Total Acoustics® Performance*  
  * When installed with Fine Fissured™ infill panels

< Tectum® Tegular 24” x 48” panels in White with Prelude® XL® 15/16” suspension system
Fabric walls do double duty, providing both acoustics and a tackable surface for displays and bulletin boards.

- Abuse-resistant, fabric wrapped panels attach directly to walls
- Excellent Noise Absorption – NRC up to 1.0
- Mounting is quick and easy using internal spline system
- Durable fabric options available
- Fabric wrapped to kerf or decor clip, edges unfinished
Panel Art
FIT TO A “T”

Create your own custom shapes or use one of eight pre-fabricated geometrics to help your ceiling and wall designs take shape.

- Available in eight shapes or create custom shapes from panels up to 48” x 48”
- Noise absorption – NRC 0.40 (1” panel)
- All panels have beveled edges
- Can be mechanically fastened to a wide variety of surfaces
Concealed ceiling panels fit like a glove. A narrow reveal for a clean look.

- Fully concealed ceiling system installs on Prelude® 15/16" suspension system
- Panel sizes in 1-1/2" and 2" thickness; widths: 23-3/4"; lengths 48"-144"
- Variety of color options available
- Abuse resistant for active spaces

Tectum® Concealed ceiling panels
The Pearl Theater at The Palms Hotel was designed and built to meet the demands of both the sophisticated local market and the demanding high-traffic, tourist market in Las Vegas, Nevada.

The need for a sophisticated acoustics and aesthetics of the 2,400-seat theater were a major priority. To address both, 1” Tectum® panels were installed throughout the theater.

The result...The Pearl is an acoustically and aesthetically sophisticated space, with abuse-resistant properties that ensure peak performance throughout the venue’s lifetime.
Tectum® Direct-Attach ceiling and wall panels
Tectum® ceiling and wall panels are available in a variety of sizes, shapes, forms, and colors. Select from a natural factory finish or white, Colorations® colors, or made-to-order Sherwin-Williams® colors. Panels can be field painted up to six times without impacting acoustic or fire performance. Tectum® panels are made to fit your design needs.
Colorations® colors are available across the Armstrong Ceiling and Wall Systems portfolio including Calla®, SoundScapes®, Infusions®, and Serpentina® product families, as well as Axiom® trim and suspension systems.

* For Colorations and custom colors, please order a custom color sample to ensure proper color reference on Tectum products.
