Sophisticated DESIGN with a Clean Finish

No design is complete without the right trim solution. Modern or traditional, the right edge will complete whatever look you’re trying to achieve.

All Axiom Trims can be customized to fit any color or size Acoustical and Accent Clouds. Contact your Armstrong representative for assistance.

AXIOM®
Classic Trim

Enabling unique flexibility in straight and curved applications.

- Extruded aluminum trim provides crisp edge detailing and excellent corrosion resistance compared to steel systems
- Axiom trim is part of the Sustain® portfolio and meets the most stringent sustainability compliance standards
- Eight profile heights; 2” to 16” standard and custom colors available
- For conditions larger than 16” Axiom trims can be stacked to create your custom detail. Contact your Armstrong representative for more information.

University of Utah Hospital, Salt Lake City, UT; Architectural Nexus, Salt Lake City, UT
Drywall Trim

DEFINING THE EDGE

This pre-engineered vertical trim solution provides architectural detail for your drywall project.

- 2.5”, 4”, and 6” profile heights
- Integrated and pre-punched taping flange for drywall attachment
- Straight and curved options available
- For drywall trim solutions with a height greater than 6”, pair our Classic Axiom Trim with Axiom Bottom Drywall Trim
AXIOM®
for Interlude®
PULLING IT ALL TOGETHER

This pre-engineered trim allows the continuation of the Interlude® XL® HRC suspension system visual to the perimeter of the ceiling

- Used exclusively with Interlude XL HRC suspension system
- Available in our most popular profile sizes 2”, 4”, and 6”
- Extruded aluminum trim provides more crisp edge detailing compared to conventional roll-formed steel systems
- Interlude grid sleeves can reduce field work when cut conditions are present. Contact your Armstrong representative for details.
This coordinates perfectly with Armstrong® Vector® ceiling panels to mimic the 1/4" reveal with the narrow vertical fin profile.

- A narrow vertical “fin” on the profile creates a 1/4” recess to echo the 1/4” reveal of the Vector® ceiling panel.
- Incorporates the sophisticated grid-hiding visual of a Vector ceiling with a perimeter.
- Recommended for use with full size Vector ceiling panels; preserves factory cut Vector edge detail.
- Custom slotting, perforating, and cutouts available.
AXIOM®
Knife Edge®
FOR A SHARPER LOOK

This trim is a unique, refined trim alternative compared to traditional, 90-degree vertical trims.

- Adjustable Trim Clip makes Knife Edge® Trim compatible with WoodWorks® and MetalWorks™ panels up to 3-3/4” thick
- Unique profile provides a refined alternative
- Extruded aluminum trim provides more crisp edge detailing compared to conventional roll-formed steel systems
- For similar conditions with different dimensions, contact your Armstrong representative about our custom extrusion capabilities.
Create a dramatic contemporary design aesthetic using Axiom® Classic or Vector® trim profiles.

- Unique system allows tandem sections of curved or straight Axiom to run parallel with a 5/8" or 1-3/8" reveal between profiles
- Axiom trim is part of the Sustain® portfolio and meets the most stringent sustainability compliance standards today
- Design option to accent open plenum spaces or below acoustical ceilings
- For integrated lighting options, see your Armstrong representative

AXIOM® Paired
SYSTEMS THAT WORK TOGETHER

AXIOM Paired Classic – available in 2", 4", 6", 8", 10", or 12" profiles

AXIOM Paired Vector – available in 2", 4", 6", or 8" profiles

"St. Thomas Aquinas High School Innovation Center, Ft. Lauderdale, FL; Anderson Architecture, Boca Raton, FL"
AXIOM® Profiled

FOR MAXIMUM VISUAL IMPACT

This pre-engineered trim offers four dramatic profiles that coordinate with acoustical or drywall ceilings for a decorative finished visual.

- Extruded aluminum provides crisp edge detailing and excellent corrosion resistance
- Axiom® trim is part of the Sustain® portfolio and meets the most stringent sustainability compliance standards today
- Ultimate design flexibility – four decorative profiles; Convex, Concave, Cove, and Crown

Children’s Hospital of the King’s Daughters, Norfolk, VA; PF&A, Norfolk, VA
This soft-edge factory-finished trim is available in three profile types to fit acoustical clouds.

- Profile options: Ripple, Soft Corner, and Convex
- Axiom® trim is part of the Sustain® portfolio and meets the most stringent sustainability compliance standards today
- Incorporates the sophisticated grid-hiding visual of a Vector® ceiling with a similar 1/4" reveal along the trim
- Design flexibility for straight and curved applications
