TECTUM® Blades™ and Baffles
Custom Vertical Linear Panels
coarse texture

Acoustical vertical panels help control reverberation and add a design element to your interior spaces.

KEY SELECTION ATTRIBUTES

- Tectum® panels are Living Product Imperative Certified by the International Living Future Institute – 1” panels in White and Natural only
- 14 gauge steel channel available to group individual blades and baffles together to achieve a linear visual beyond 48” in length – available in lengths from 24” to 144” in 12” increments

- Tectum Blades™ and Baffles are available in 1”, 1-1/2”, and 2” thicknesses; widths from 23-3/4” to 48” and heights from 11-3/4” to 23-3/4”
- Blades™ and Baffles come standard with 2 PVC inserts for attachment to aircraft cables or hanger wire

COLORS

Due to printing limitations, shade may vary from actual product.

- White (TWH)
- Natural* (TNA)
- Custom Colors Available

* Tectum® Blades™ and Baffles are directional – face finish and back finish will exhibit a different appearance due to application of the binder during manufacturing. Factory painted finishes may exhibit slight differences in finish face to back. 360 degree factory or field painted finishes are recommended.

TYPICAL APPLICATIONS

- Gymnasiums
- Auditoriums
- Multi-purpose Spaces
- Exposed Structures
- Acoustical Retrofits
- Education Spaces

Physical Data

Material
FSC® Certified
Cementitious Wood Fiber: FSC®-certified (COC-003601). For more information about FSC®-certified fire-retardant products, or to view our FSC®-certification letter, contact TechLine at 1 877 276-7876.

Surface Finish
Factory-applied latex paint with Silicate surface coating for abuse resistance. Natural is unpainted.

Fire Performance
Class A per IRC. Flame Spread Index 25 or less and Smoke Developed Index 50 or less when tested in accordance with ASTM E 84.

VOC Emissions

Humidity/Sag Resistance
HumiGuard® Plus performance panels are recommended for areas subject to high humidity, up to, but not including, standing water and outdoor applications.

Mold/Mildew Protection
Ceiling panels with BioBlock® performance resist the growth of mold and mildew.

Installation Considerations
Use caution and wear appropriate hand, eye, and dust mask protection when cutting and installing Tectum® panels. All hanging components must be ordered separately.

Primary (Embodied) Energy
See all LCA information on our EPDs.

Application Considerations
Color variation among panels is common due to the natural characteristics of the wood on White and Natural panels. Wood fibers may appear orange on Natural colored panels due to the characteristics of the wood.

Design Considerations
Tectum® Blades™ and Baffles are directional – face finish and back finish will exhibit a different appearance due to the characteristics of the wood.

Design Support
Project management assistance is available by calling TechLine at 1 877 276-7876.

Warranty
30-Year Warranty. Details at armstrongceilings.com.
