Tectum® Tegular coarse texture

**KEY SELECTION ATTRIBUTES**
- Tectum® panels are part of the Sustain® portfolio and meet the most stringent sustainability standards today – 1” panels in White and Natural only
- Get Total Noise Control and design flexibility with Total Acoustics® ceiling panels: NRC + CAC = Total Acoustics Performance™
- USDA Certified Biobased Product, 98%
- Durable for heavy use interiors
- Wide variety of color options available, including custom colors
- Short lead times
- Can be field painted up to six times without impacting acoustic or fire performance

**COLORS**  
Due to printing limitations, shade may vary from actual product.

- White (TWH)
- Natural (TNA)
- Custom Colors Available

**DETAILS**
1. Tectum® Tegular
2. Tectum® Tegular with Prelude® 15/16” suspension system
   
   Note: Panel edges including visible Tegular edge are unfinished.

**TYPICAL APPLICATIONS**
- Gymnasiums
- Auditoriums
- Multi-purpose Spaces
- Corridors
- Education Spaces

**LINE DESIGN CAPABILITIES**
Available through special order.

- Vertical Line-Design Panel
- Grid Line-Design Panel

Tectum® Tegular ceiling panels provide durable, sustainable, acoustical options for a wide variety of applications.

**ACOUSTICAL INFORMATION**

**ACOUSTICAL INFILL PANELS**

**TECHLINE® SUSPENSION SYSTEMS**

---

**PHYSICAL DATA**

**Material**

Cementitious Wood Fiber; FSC®-certified (COC-003601). For more information about FSC®-certified fire-retardant products, or to view our FSC®-certification letter, contact TechLine at 1 877 276-7876.

**Surface Finish**

Factory-applied latex paint with Silicate surface coating for abuse resistance. Natural is unpainted.

**Fire Performance**

Class A per IRC. Frame Spread Index 25 or less and Smoke Developed Index 50 or less when tested in accordance with ASTM E84.

**Humidity/Sag Resistance**

HumGuard® Plus panels are recommended for areas subject to high humidity, up to, but not including, standing water and outdoor applications.

**Mold/Mildew Protection**

Ceiling panels with BioBlock® performance resist the growth of mold and mildew.

**Installation Considerations**

Installation of Total Acoustics® ceiling panels has an ideal combination of noise reduction and sound-blocking performance in one product.

**Seismic Restraint**

Tectum Tegular panels are approved for application in all seismic areas when installed per Armstrong Ceilings Installation Instructions. For FSC®-certified wood products to maintain their CoC certification, products must be sold to a CoC-certified distributor or directly to the installing contractor. Failure to do so breaks the CoC. For FSC®-certified wood products to maintain their CoC certification, products must be sold to a CoC-certified distributor or directly to the installing contractor. Failure to do so breaks the CoC.

**Specification Consideration**

FSC Certified panels available upon request.

**Attention:** For FSC®-certified wood products to maintain their CoC certification, products must be sold to a CoC-certified distributor or directly to the installing contractor. Failure to do so breaks the CoC.
