AXIOM® Knife Edge®
Trim straight

This trim is a unique, refined trim alternative compared to traditional, 90-degree vertical trims.

KEY SELECTION ATTRIBUTES

- Adjustable Trim Clip (Item 7239) makes Knife Edge Trim compatible with WoodWorks® and MetaWorks™ panels or planks that drop greater than 3/8" below the grid flange.
- Unique profile provides a refined alternative.
- Axiom® trim is part of the Sustain™ portfolio and meets the most stringent sustainability compliance standards today – White and 13 Sustain™ colors only (colors found on Pg. 481).
- Compatible with Armstrong® Suspension Systems and Drywall Grid Systems.
- Three profiles available: Axiom® Knife Edge® for traditional acoustical lay-in and Regular panels, as well as drywall.

COLORS
Due to printing limitations, shade may vary from actual product.

</tr>
</tbody>
</table>

* Add the 2-digit color suffix to the item number when specifying or ordering (Example: AX2STR H A); add an extra digit “3” before the color suffix if paint is required inside and outside of trim (Example: AX2STR 3 H A). Use extra suffix W-white or B-black before color suffix when ordering for the background color (Example: AXKE2STR B A B).

For more information, see submittal BPCS-3080.
