SUSTAIN®

Ceiling Systems Meet Industry's Most Stringent Sustainability Standards

Armstrong®
CEILING & WALL SOLUTIONS

Sustain® ceiling systems contribute to better spaces. Here's how:

- Are free of Red List chemicals per Living Building Challenge™ 4.0
- Have Health Product Declarations (HPDs) which tell you what's in the product
- Have Environmental Product Declarations (EPDs) which tell you the impact of the products
- Have Declare® labels – easy reference "nutrition labels"
- Are UL Greenguard Gold® certified and meet California Department of Public Health (CDPH) low emissions standards
- Contribute to - LEED® v4 and v4.1 (including new Materials and Resources credits)
  - Living Building Challenge™
  - WELL Building Standard®
  - Fitwel® Building Standard
- Tectum® is the first acoustical ceiling and wall solution to receive Living Product Imperative Certification!
- Are listed in Mindful Materials and the Embodied Carbon in Construction Calculator (EC3) tool

Clean + Simple = Sustain

(Free of chemicals of concern per Living Building Challenge™ Red List)

(Easy to find)

(Meet today's most stringent industry sustainability standards with the Sustain Portfolio)

Proud supporter of Embodied Carbon in Construction Calculator (EC3)

All SUSTAIN products are listed in the mindful MATERIALS library

Select from these products to help you create better spaces:

Mineral Fiber/Fiberglass Panels
