- CIRRUS Themes Plain Panel
- CIRRUS Themes Leaves with PeakForm SUPRAFINE 9/16" Exposed Tee Grid
- Hardware Friendly Options Available
- Beveled Tegular with PeakForm Suprafine XL
A page from a catalog that details the specifications and applications of the Armstrong CIRRUS™ Tegular fine texture wall coverings. The page includes sections on key selection attributes, typical applications, recycled content, material properties, and physical data. The physical data section provides information on material properties such as wet-formed mineral fiber, surface finish, fire performance, insulation value, weight, and treatment for odor- and stain-causing bacteria. The page also outlines application considerations and recommended suspension systems.

Key Selection Attributes: A variety of individual lighthearted panel designs on Cirrus texture; can be spot-painted, improved indent and scratch resistance, high light reflectance, and excellent sound absorption.

Typical Applications: Patient and exam rooms, pediatric areas, lobbies and public spaces, corridors, playful theme interiors, classrooms, and specialty shops/stores.

Recycled Content: 63-83%

Typical Applications: Patient and exam rooms, pediatric areas, lobbies and public spaces, corridors, playful theme interiors, classrooms, and specialty shops/stores.

Recycled Content: 63-83%

Color: White (WH)

Physical Data:

- Material: Wet-formed mineral fiber
- Surface Finish: Factory-applied latex paint
- Fire Performance: Class A: Flame Spread 25 or under (UL Labeled) per ASTM E 1264 BS476 part 6 & 7 Class 0/Class 1
- ASTM E 1264 Classification: Type I, Form 1, Pattern E I K Z (scored multi-patterned finish)
- ASTM E 1264 Classification: Type III, Form 1, Pattern E I K Z
- Insulation Value: R Factor – 1.9 (BTU units), R Factor – 0.33 (Watts units)
- Weight: 1.38 lbs/SF (6.76 kgs/m²)
- Treatment for Odor- and Stain-causing Bacteria: Available upon request
- Warranty: See warranty details in the back of this catalog

Application Considerations:
Specify matching plain panels S299(M) when required. Not recommended for rooms containing MRI equipment.

Recommended Suspension System:
- ITEMS: S299 (M), S400 (M), S600 (M)
- SUSPENSION SYSTEM: 15mm (9/16”) PeakForm SUPRAFINE
